

COVID-19 MANDATES

As per the directives of the WA Government, the following mandated guidelines for the management of COVID-19 at our studio have now been updated:

PROOF OF VACCINATION

- The requirement to provide proof of vaccination for entry to the studio has now been removed.

MASK WEARING

- Masks are no longer mandatory in the studio for general entry.
- Masks **are** required where you have been considered a household contact or after recent recovery from infection (7 days after isolation period).
- You may also continue to optionally wear your mask for the management of your own health.

CLOSE CONTACTS OF A HOUSEHOLD CASE

- Household contacts of positive cases who are asymptomatic AND who have returned a daily negative RAT test, are able to attend the studio but must wear a mask.
- Household contacts who are symptomatic or feel unwell in any way should not attend the studio.

STUDIO POLICY

Whilst we are relieved to have the mandated requirements lifted, with COVID still circulating in our community it is of great importance to us that we continue to care for the health of our staff, students and visitors.

We therefore will retain the following studios policies which assist in the management of health, student safety and the logistical function of our venue.

- Where possible use our 'KISS & DROP' carpark process.
- The foyer/waiting area is intended for student use only.
- Studio access during class is for enrolled students only with the exception of classes requiring parent participation, approved support/care givers, invitational parent watch days, or by special arrangement for new students or individual requirements.
- Please continue to advise if you have tested positive/attended the studio whilst potentially infectious so we may alert any affected groups to monitor for symptoms.
- If unwell, please stay home.

THANK YOU

We would like to extend a very big thank you to all of our staff, students and families who have without fuss co-operated with the ever evolving requirements of COVID-19 management over the past few years.

It has been challenging time for all, but you have made all that bit easier.
